Animations-KeyFrames

1

```
# style.css U ●
Sihyun_SP26_WebDev > Midterm > css > # style.css > .header nav a

175
176 @keyframes headerDropIn {
177     from {
178         transform: translateY(-10px);
179         opacity: 0.75;
180     }
181     to {
182         transform: translateY(0);
183         opacity: 1;
184     }
185 }
```

2

```
# style.css U ● <> index.html U
Sihyun_SP26_WebDev > Midterm > css > # style.css > .scroll-guide

320 .scroll-guide .arrow {
321     font-size: 1.5rem;
322     animation: floatArrow 1.4s ease-in-out infinite;
323 }
324
325 @keyframes floatArrow {
326     0% {
327         transform: translateY(0);
328         opacity: 0.6;
329     }
330     50% {
331         transform: translateY(8px);
332         opacity: 1;
333     }
334     100% {
335         transform: translateY(0);
336         opacity: 0.6;
337     }
338 }
```

Animations- Hover

1

```
# style.css U
Sihyun_SP26_WebDev > Midterm > css > # style.css > .header nav a:hover::after
209
210 .header nav a::after {
211     content: "";
212     position: absolute;
213     left: 0;
214     bottom: -0.42rem;
215     width: 0;
216     height: 1.5px;
217     background-color: white;
218     transition: width 0.3s ease;
219 }
220
221 .header nav a:hover::after {
222     width: 100%;
223 }
```
